

## Education

<b>Vellore Institute of Technology</b> <i>Bachelor of Technology in Computer Science and Engineering</i> CGPA: 8.71 Relevant Courses: Data Structures and Algorithms, Web Development, Database Management System, Linear Algebra, Cloud Computing, Object Oriented Programming with C++, Competitive Coding Practices	2022–2026
<b>Kokilaben Dhirubhai Ambani Vidhyamandir</b> Jamnagar, India Class 12 CBSE: 80.8% Class 10 CBSE: 91.2%	2008–2022

## Technical Skills

**Languages:** C, C++, Java, Kotlin, Python, and Dart

**Web Technologies:** HTML, CSS, Jetpack Compose, XML, MVVM architecture, and Flutter

**Coding Profiles:** LeetCode (Highest Rating: 1545), GitHub, CodeForces (Highest Rating: 1113)

## Experience

<b>JIO Platforms Limited</b> <i>Software Intern, Flutter Tech Stack</i>	October 2024 – December 2024
--	------------------------------

- Enhanced the JIOCX platform through mobile development with **Flutter**, enabling bulk SMS and voice messaging campaigns for promotions, transactions, and OTP services.
- Designed and implemented various features to streamline **campaign creation** and optimize mobile app performance.
- Worked with different teams to test website features against specified **test cases**, ensuring everything worked correctly and provided a good user experience.
- **Managed campaigns** by converting Excel lead data into actionable campaigns for the JIOCX bulk messaging system.

## Android Projects

<b>Recipe App</b>	<i>Kotlin, Jetpack Compose, MVVM</i>
-------------------	--------------------------------------

- Developed a Recipe app with dynamic data fetching, leveraging coroutines for asynchronous operations.
- Structured and manipulated JSON data, made API calls using Retrofit.
- Implemented MVVM architecture with ViewModel and LiveData for seamless data flow.
- Created intuitive navigation flows.

<b>Shopping List App</b>	<i>Kotlin, Jetpack Compose</i>
--------------------------	--------------------------------

- Developed a Shopping List App with state management for real-time updates.
- Implemented reusable composable components and applied functional programming techniques.
- Integrated AlertDialogs for user interaction.

## Achievements

- Ranked **3999th** out of over 40,000 participants in the Division 3 round.
- Multiple top 5000 global ranks in Codeforces rounds.
- Solved over 500 coding problems on Codeforces.
- Top 5% in India in the NPTEL Cloud Computing exam (Certificate).
